Re: **Snow Days**

With the agreement and support of the Board of Education, I am declaring Friday, May 23, 2008 as a day in lieu of snow days that were built into the calendar and not used. The school system will be closed on this day.

The Board of Education and Administration of the school district joins me in expressing great pride in our school district and educational programs. The Board recognizes and appreciates the support and confidence of the parents, staff, and students of Fair Lawn.
