1. By June 2021, in an effort to foster and enhance an inclusive and culturally aware educational community, the district will provide support and train district staff to identify components of an equitable school system with an ultimate goal of developing more equitable practices.

2. All district schools will become a Future Ready School by successfully completing Bronze level status to ensure our students and schools are ready for the 21st century (continuation goal).

3. Support the mental health and social-emotional learning and well-being of staff and students by providing programs that foster a sense of community, acceptance, and encourage mindful practices, particularly during and after the COVID-19 pandemic.

4. The goal for the 2020-2021 school year is to develop an enhanced Distance Learning 2.0 Plan. The plan will ensure a robust and quality Distance Learning Model for all students. Time is of the essence and this work will begin immediately and continue throughout the school year.

5. Provide support to teachers/staff to effectively implement instruction to the new middle school schedule, following the completion of the referendum construction and the transition of the 5th grade to the new middle school 5-8 model.
