The Fair Lawn Board of Education is offering our Early Childhood Education Pre School Program at Edison School for the 2020/2021 school year.

This class integrates general education children with our special education pre-school students. In this learning environment, the children will work on social, emotional and pre-school skills to prepare for kindergarten. This program of creative curriculum will incorporate music, art and motor development into their daily routine.

The morning session runs from 8:40 A.M. to 11:15 A.M., and the afternoon session runs 12:25 P.M. to 3:00 P.M., and we follow the school year calendar. Enrollment is limited and on a first-come basis. Eligible students must be 3 years old by September 1st and fully toilet trained.

Participating children must have the required immunizations and provide health records along with the registration, prior to the start of school. Students will not be allowed to start school without these documents. We do not provide transportation for students attending the Early Childhood Education Program.

The tuition for the program is $2,500 for the school year. If you are interested, complete the application and return it digitally to jcosgrove@fairlawnschools.org. Payment in full and health records will be collected prior to school starting so that the immunization records are current.

We are excited about this program and look forward to your child having a rewarding experience.
